

## Diving Through Clouds

*A zany charming book. Kate is a brilliant creation. Poetic writing with a bright humorous touch* – Sue Leonard – The Examiner

***I have decided I most definitely do not want to go back . . .***

.....

Kate Fitzgerald's spirit hovers above her hospital bed, looking down on her body lying still now.

In the days following her death she finds herself far from extinguished but in some sort of limbo with unfinished business to attend to before she can go on to the next stage of her non-being.

Still bound to the world by some invisible umbilical cord, she travels freely back and forth into the lives of those she left behind, her cold unloving husband, William, their estranged daughter Celia, her best friend Vanessa and her gentle lover, Milo. With her new found powers of insight she tries to understand the past and shape their future.
